Board Director Position Profile – Humane Canada

Join the Board of Humane Canada and help build a more humane country for every animal.

About Humane Canada

Humane Canada is the National federation of SPCAs and humane societies, representing the largest animal-welfare community in Canada. Our vision: A Humane Canada. Our mission: to end animal cruelty, improve animal protection, and promote the humane treatment of all animals.

For more than 65 years, Humane Canada has united animal welfare advocates, organizations and the public with one voice strengthening advocacy, influencing federal policy, and providing leadership for our sector.

We are proud to be recognised for accountability, transparency and governance excellence, including the “Symbol of Trust” from Imagine Canada.

As a national body, our work spans companion animals, farmed animals, wild animals and animals used in science and we provide member & sector support, advocacy, research, and thought leadership to drive systemic change.

This is a pivotal moment in HC’s evolution. As we expand our national reach, deepen partnerships, strengthen our policy and advocacy impact, enhance our social enterprise and revenue diversification, and ensure strong governance, we seek board members who bring expertise, vision, and a collaborative mindset to help lead the next chapter of our work.

While our board currently operates in a hybrid model with both strategic governance and working (e.g., governance and membership development), we are moving toward a fully governance board model aligned with best practice by 2027. Candidates joining us will play a foundational role in shaping and strengthening our future enterprise-wide governance model.
